

Permanent Rear Load Trash Truck Route Driver (CDL-B): Full-time or Part-time

123 Disposal Inc. is an Akron area based trash hauling company seeking a permanent rear load trash truck route driver. We operate residential routes (with assigned helper) and commercial routes (with no helper).

Residential route drivers: Operate the truck for the helper to get out and service individual residential trash cans. Sometimes the driver will get out to assist the helper. In some circumstances this individual would need to physically lift, move, and/or relocate containers and/or trash by hand.

Commercial route drivers: Operate the truck and be on the route by themselves. This individual would back the truck up to containers, exit the truck, hook up and dump containers. In some circumstances this individual would need to physically lift, move, and/or relocate containers and/or trash by hand.

The duties also include...

- Basic Pre-Trip & Post-Trip Truck Inspection
- Complete paper work & documentation
- Abide by company policies and rules

The candidate would need to . . .

- Hold a valid CDL-B (with an acceptable driving record)
- Hold a current Medical Card
- Pass a pre-employment physical, drug & alcohol screen & background check

Typical route days start between 2-4am. Anything over 40 hours/week gets paid overtime.

No DUI's or OVI's within last 5 years or 2 in last 10 years. No more than 2 moving violations in last 2 years.

Good positive attitude & reliability is a must. Compensation is \$16 - \$18/hr. Initial training/orientation period = \$15/hr. Full-time employees get 1 week of personal time off/vacation available after every 6 months of employment. No other benefits available.

Inquires kept confidential. Please send resumes & your information to:
